TABLE OF SESSION LAWS

This table shows the location in the Revised Codes of Montana of 1935 of the chapters of the Session Laws from 1909 to 1935, inclusive, and indicates the disposition of the chapters of the Session Laws which do not appear therein. As the Revised Codes of Montana of 1935 retain the same section numbers as were used in the Revised Codes of Montana of 1921, the Table of Session Laws from 1909 to 1921, inclusive, as printed in the Revised Codes of Montana of 1921, is reprinted here. In using the table from 1909 to 1921, inclusive, reference should be made to the text of the Revised Codes of Montana of 1935 to see whether or not the section given in the table has been repealed or omitted since 1921.

PENAL CODE

CHAPTER 1, DEFINITIONS AND PRELIMINARY PROVISIONS

10710. Construction of the penal code.

Criminal statutes must be construed according to the fair import of their terms, with a view to effect their object and to promote justice. *State v. Aldahl et al.*, 106 M 390, 393, 78 P 2d 935.

10713. Certain terms defined in the senses in which they are used in this code.

References

State ex rel. Clark v. District Court et al.,

103 M 145, 147, 61 P 2d 836; *State v. Marchants' Credit Service, Inc.* 104 M 76, 101, 66 P 2d 337; *Vaughn v. Mesch*, 107 M 498, 508, 87 P 2d 177.

10721. Crime and public offense defined.

Words charging crime are "slandorous per se" even though they do not charge crime which would justify charge of a

felony. *Keller v. Safeway Stores, Inc.*, 15 F S 716.

10722. Crimes, how divided.

References

Ex Parte Sheehan, 100 M 244, 251, 49 P 2d 438.

10723. Felony and misdemeanor defined.

10725. Punishment of misdemeanor, when not otherwise prescribed.

Held, that section 10725, Revised Codes, providing that, except in cases where a different punishment is prescribed, every offense declared to be a misdemeanor is punishable by imprisonment in the county jail not exceeding six months or a fine not exceeding \$500, is applicable to acts made

misdemeanors after its passage. *State v. Williams*, 106 M 516, 528, 79 P 2d 314.

References

Ex Parte Sheehan, 100 M 244, 251, 49 P 2d 438; *State v. District Court et al.*, 105 M 77, 79, 69 P 2d 748.

10727. Intent, how manifested, and who considered of sound mind.

The fact that there is no direct evidence of felonious intent of defendant charged with crime does not support his contention on appeal that it is insufficient; such evidence being usually impossible to secure, section 10727, Revised Codes, de-

clares that such intent is manifested by the circumstances connected with the offense, and the sound mind and discretion of the accused. *State v. Simanton*, 100 M 292, 311, 49 P 2d 981.

10728. Drunkenness no excuse for crime—when it may be considered—how insanity must be proven.

Where the evidence in a prosecution for attempted rape showed that defendant was able to drive prosecutrix in his car to a place near a city suitable for his purpose, engage in a prolonged struggle in an effort to carry out that purpose, and realizing that she was in such a condition that it would be unwise to take her home, offered to take her to a place to have her cleaned up, which was refused, and thereafter to go to his hotel and to his room and go to bed, the jury was warranted in finding that his defense of intoxication was not borne out by the facts, but that he knew what he was trying to do and was responsible. *State v. Stevens*, 104 M 189, 199, 65 P 2d 612.

Id. Where the sole defense of one

charged with an attempt to commit rape was intoxication, the trial court held not to have committed error in giving an instruction in the words of subdivision 1, section 10728, Revised Codes, declaring, in effect, that an act is no less criminal because committed by an intoxicated person, and that the jury may take into consideration the fact that the accused was intoxicated in determining the purpose, motive or intent with which he committed the act, although, as a general rule, courts do not approve the giving of abstract propositions of law as instructions to juries.

Intoxication is no defense to a criminal charge any further than that it may be shown in mitigation, and that it had

reached a stage where the accused was incapable of forming a malicious intent. *State v. Laughlin*, 105 M 490, 494, 73 P 2d 718.

Id. Where defendant, convicted of assault in the second degree, had on the day previous to the assault accosted the prosecuting witness relative to a matter

occurring a year before and stated that he was going to get a gun and kill the latter, and on the next day, again referring to the same matter, viciously assaulted such witness, thus showing his capacity to harbor malice, his alleged intoxication was no defense.

CHAPTER 2, PERSONS LIABLE TO PUNISHMENT— PARTIES TO CRIME

10733. Who are accessories.

The question of the sufficiency of an information charging one as an accessory to the commission of an offense in that he harbored and protected another with full knowledge that such other had committed a crime, under section 10733, Revised Codes, defining accessors, depends

upon whether the crime alleged to have been committed by the one so harbored or protected constituted a felony; if the offense amounted to no more than a misdemeanor, the pleading is vulnerable to a demurrer. *State v. Williams*, 106 M 516, 522, 79 P 2d 314.

CHAPTER 6, OFFENSES BY AND AGAINST CANDIDATES FOR NOMINATION AND ELECTION—CONTESTS (CORRUPT PRACTICES ACT)

10773. Expenditure by or for candidate for office.

References

Tipton v. Sands, 103 M 1, 5, 60 P 2d 662.

10796. Corrupt practice, what constitutes.

Held, that the district court has jurisdiction to entertain a proceeding for the removal of a state officer for violation of the corrupt practices act (sec. 10796, et seq., Revised Codes), the purpose of which is to determine the validity of defendant's election, as against the contention that the act contravenes the provisions of section 17, article V, constitution, relative to impeachment of state and judicial officers for high crimes and misdemeanors or malfeasance in office. *Tipton v. Sands*, 103 M 1, 8, 60 P 2d 662.

Id. Held, that the corrupt practices act is not open to the objection that if a charge may be maintained against a justice of the supreme court for calling to the attention of the electors during the

campaign preceding his election by means of cards, placards, addresses by radio or to audiences from the platform the fact that the act allowing a salary of \$1,500 a year for reporting their decisions in addition to their regular salary was unconstitutional and that, if elected, he would not accept such compensation, the act is unconstitutional as in violation of the clause of the constitution guaranteeing free speech.

Id. The general rule is that offers made and statements published by a candidate for public office that, if elected, he will serve for a smaller salary than that fixed by law, are violative of the corrupt practices acts and constitute bribery under the common law.

10803. Forfeiture of nomination or office for violation of law, when not worked.

"Good faith" made a defense in a proceeding instituted under the corrupt practices act without, however, defining what shall constitute it, in its popular sense denotes honesty of purpose and absence of bad faith; it is used to denote the actual existing state of the mind, without regard to what it should be from given standards of law and reason; it does not always require sound judgment and business sagacity. *Tipton v. Sands*, 103 M 1, 9 et seq., 60 P 2d 662.

Id. Defendant, a justice of the supreme court, being charged with a violation of the corrupt practices act during his campaign for election in publishing a state-

ment that the salary of the justices provided by section 378, Revised Codes, for reporting the court's decisions was unlawful and unconstitutional, and that, if elected he would not accept it, pleaded good faith as a defense, as authorized under the act. Held, that, in view of the fact that there was reasonable ground for believing that the section was unconstitutional, contestee's statement on the witness stand that he considered the section unconstitutional, aided by that of several attorneys testifying likewise, was a sufficient showing to justify the trial court in finding good faith on the part of defendant and dismissing the complaint.

10804. Punishment for violation of act.**References**

Tipton v. Sands, 103 M 1, 9, 60 P 2d 662.

10805. Time for commencing contest.

Held, on application for writ of supervisory control, that where an unsuccessful candidate for the office of sheriff applied to the district court for a recount of the votes under the provisions of sections 828.1, et seq., Revised Codes, the district court committed error in dismissing the application on the ground that the applicant, having been convicted of a felony

in the federal court, lost his citizenship and was therefore ineligible; such an issue being properly triable in an election contest under the provisions of sections 659 et seq., or secs. 10805 et seq., Revised Codes. State ex rel. Stone v. District Court et al., 103 M 515, 518, 63 P 2d 147.

10810. Grounds for contest of nomination or office.

Held, on application for writ of supervisory control, that where an unsuccessful candidate for the office of sheriff applied to the district court for a recount of the votes under the provisions of sections 828.1, et seq., Revised Codes, the district court committed error in dismissing the application on the ground that the applicant, having been convicted of a

felony in the federal court, lost his citizenship and was therefore ineligible; such an issue being properly triable in an election contest under the provisions of sections 659 et seq., or secs. 10805 et seq., Revised Codes. State ex rel. Stone v. District Court et al., 103 M 515, 518, 63 P 2d 147.

CHAPTER 15, OTHER MISCELLANEOUS OFFENSES AGAINST PUBLIC JUSTICE

10921. Making arrests, seizure or levy upon property, dispossession of lands without lawful authority, issuance by justice of the peace of writs or process signed in blank. Every public officer, or person pretending to be a public officer, who, under the pretense or color of any process or other legal authority, arrests any person, or detains him against his will, or seizes or levies upon any property, or dispossesses any one of his lands or tenements, without a regular process or lawful authority therefor, is guilty of a misdemeanor. And any justice of the peace who furnishes or causes to be furnished to any person or corporation engaged in the collection business or to any other person or corporation, a summons or writ of attachment or both, or a supply of summonses or writs of attachments or both, signed by such justice of the peace in blank, and not then signed or issued by him in any suit then filed or pending before him, or who so furnishes or causes to be furnished to any such person or corporation any writ of execution or supply of writs of execution signed in blank, and with the intent and purpose that any such summons or writ of attachment may, at the time of signing and delivery thereof, or thereafter, be used by such person or corporation by themselves dating the same, inserting the name of a party plaintiff and defendant and otherwise completing the same and causing service of any such summons to be made or levy upon and seizure of property to be made under any such writ of attachment, or with the intent and purpose that any such writ of execution so signed and delivered in blank may then or thereafter be utilized by such person or corporation by themselves dating the same and entitling the same in any cause of action

in which said justice of the peace has theretofore or may thereafter render judgment, shall be guilty of a misdemeanor and on conviction thereof shall forfeit his office and shall be disqualified from thereafter holding the office of justice of the peace. [As amended Sec. 1, Ch. 197, L. 1939.]

10936. Common barratry defined—how punished.

10944. Criminal contempt.

The publication of a false or grossly inaccurate report of the proceedings of a court, included within the definition of a criminal contempt of court (sec. 10944, Revised Codes), is punishable as a contempt only when made while the cause to

which it refers is still pending before the court. In rel. Nelson et al., 103 M 43, 52 et seq., 60 P 2d 365.

CHAPTER 20, ASSAULTS

10976. Assault in the first degree defined—penalty.

References

State v. Laughlin, 105 M 490, 496, 73 P 2d 718.

10977. Assault in second degree.

Instruction, given in a prosecution for assault in the second degree, defining the term "grievous bodily harm" as used in section 10977, subd. 3, Revised Codes, declaring that one who wilfully and wrongfully inflicts such harm upon another is guilty of assault in the second degree, to the effect that such harm would include any injury calculated to interfere with the health or comfort of the person injured, and that the word "grievous" means atrocious, aggravated, harmful, painful,

hard to bear and serious in nature, held proper. State v. Laughlin, 105 M 490, 496, 73 P 2d 718.

In charging the crime of assault in the second degree, which under section 10977, Revised Codes, is the wilful or wrongful wounding or inflicting grievous bodily harm upon another, either with or without a weapon, the use of the word "feloniously" does not take the place of "wilfully" or "wrongfully." State v. Williams, 106 M 516, 524, 79 P 2d 314.

10978. Assault in third degree.

References

State v. Laughlin, 105 M 490, 496, 73 P 2d 718.

10980. Use of force not unlawful.

An instruction in an assault case that though plaintiff at the time was unlawfully withholding from defendant possession of realty and interfering with defendant's tenant in the use and enjoyment thereof, defendant was not justified in assaulting plaintiff with a dangerous weapon, held erroneous, in that the man-

ner in which the weapon is used was excessive, and as ignoring the provisions of section 10980, Revised Codes, relative to the right of defendant to use reasonable and necessary force as against a trespasser. Vaugh v. Mesch, 107 M 498, 509 et seq., 87 P 2d 177.

11007. Seduction—penalty.

References

Taylor v. Rann, 106 M 588, 595, 80 P 2d 376.

CHAPTER 26, BIGAMY—INCEST AND CRIME AGAINST NATURE

11030. Crime against nature.

Testimony in a prosecution for the infamous crime against nature (sodomy) claimed by the state as sufficiently corroborative of that of a boy accomplice in that it tended to connect the defendant with the commission of the offense, held insufficient as either showing simply opportunity of defendant to commit the crime, or a suspicion that he had committed it, or that he and the boy were together in the same room when arrested, or that he made gifts to the boy, or the

boy's nervous condition, etc., and therefore insufficient to warrant conviction. *State v. Keckonen*, 107 M 253, 255, 84 P 2d 341.

Id. In a prosecution for the infamous crime against nature, courts should be assiduously on guard to warn the jury against yielding to the dictates of the intense prejudice naturally evoked by such a charge or convict upon slight evidence, since the charge is easily made, hard to prove and still harder to disprove.

CHAPTER 29, MAINTENANCE OF COMMON NUISANCES IN CONNECTION WITH THE SALE OF INTOXICATING LIQUORS, OPIUM, PROSTITUTION, AND GAMBLING

11123. Definition of "person" and "building".

11129. Order of abatement—sale of fixtures—closing of buildings—fees—service.

Evidence in a proceeding to abate a building in which gambling was permitted and intoxicating liquor dispensed, held strongly to preponderate against the findings and judgment of the trial court, in favor of defendants, and judgment reversed with directions to enter judgment that the nuisance complained of be abated for

one year and movable property sold as provided by sections 11129 et seq., Revised Codes. *State ex rel. Nagle v. Naughton et al.*, 103 M 306, 308 et seq., 63 P 2d 123.

11130. Proceeds of sale, how applied.

On appeal by the state from a judgment, in an action to abate a building as a common nuisance on the ground that gambling games were being carried on therein, in favor of the defendants, evidence held to preponderate against the findings of the trial court, and judgment reversed with directions to enter judgment for plaintiff decreeing sale of fix-

tures and paraphernalia in the manner provided by section 11130, Revised Codes, and closing of the premises for one year. *State ex rel. Nagle v. Antinoli et al.*, 103 M 321, 328, 63 P 2d 129.

References

State ex rel. Nagle v. Naughton et al., 103 M 306, 320, 63 P 2d 123.

CHAPTER 31, LOTTERIES

11149. Lottery defined.

The legal requisites necessary to charge the offense of operating a lottery under section 11149, Revised Codes, are the offering of a prize, the awarding of the prize by chance, and the giving of a consideration for an opportunity to win the prize. *State v. Hahn et al.*, 105 M 270, 272, 72 P 2d 459.

Id. Held, that the game of "skill ball", described in the information as being played with the aid of cards bearing twenty-four numbers in squares arranged in rows of five, and a ball which was thrown in a hopper, where it lodged in one of seventy-five numbered pockets; whereupon the number being called out by

the operator the players placed a marker on the like number on their cards until someone had covered five squares in a row horizontally, vertically or diagonally, he being then declared the winner and handed a cash prize, constituted a lottery, since no one of the players could sufficiently govern the result of his skill in throwing the ball, and that the information sufficiently charged the element of chance.

Id. To constitute a lottery, it is immaterial whether the prize be given in cash or in merchandise, so long as it was awarded by chance and a consideration paid for that chance.

CHAPTER 32, GAMBLING

11159. Gambling games prohibited—penalty—licenses for certain games.

Every person who deals, or carries on, opens or causes to be opened, or who conducts, or causes to be conducted, operates or runs, either as principal, agent, owner or employee, whether for hire, or not, any game of monte, dondo, fan-tan, tan, stud horse poker, craps, seven and a half, twenty-one, faro, roulette, pangeni or pangene, hokey-pokey, draw-poker, or the game commonly known as round-the-table poker, or any banking or percentage game, or any game commonly known as sure-thing game, or any game of chance played with cards, dice or any device whatsoever, or who runs or conducts or causes to be run or conducted, or keeps any slot machine, punch board, or other similar machine or device, or permits the same to be run or conducted for money, checks, credits, or any representative of value, or any property or thing whatsoever, or any person owning or in charge of any cigar store, drug store, or other place of business, or any place where drinks are sold or served, who permits any of the games prohibited in this section to be played, in or about such cigar store, drug store, or other place of business, or permits any slot machine, punch board, or similar device to be kept therein, or any person or persons who conduct any bucket-shop where stocks or securities of any kind are sold on margins, and every person who plays or bets at or against said prohibited games or devices, except as hereinafter provided, is guilty of a misdemeanor and shall be punishable by a fine of not less than one hundred dollars (\$100.00), nor more than one thousand dollars (\$1,000.00), and may be imprisoned for not less than three (3) months, nor more than one (1) year, or by both such fine and imprisonment; provided, however, that it shall be lawful for cigar stores, fraternal organizations, charitable organizations, drug stores and other places of business, upon the payment of a license fee therefor to the county treasurer in the sum of ten dollars (\$10.00) annually per table used or operated in such place of business, to maintain and keep for the use and pleasure of their customers and patrons, card tables and cards with which and at which such games as rummy, whist, bridge whist, black jack, euchre, pinochle, pangene or pangeni, seven-up, hearts, freeze-out, casino, solo, cribbage, five hundred, penic ante, dominos, high-five and checkers may be played for pastime and amusement by customers who are not minors, and for the maintenance of which a charge may be made, to be paid by the users by the purchase of trade checks which must be redeemable in merchandise at the going retail price of such merchandise, which is the stock in trade of such business; and that places of business may, upon the payment of a license fee therefor to the county treasurer in the sum of ten dollars (\$10.00) annually, exhibit for use and sale to all customers not minors, trade stimulators, such as pull boards and ticket boards, where each board so used returns to the owner or business not to exceed the going retail price of the goods disposed of and sold and disposed of through the use of the same, and which goods sold and disposed of through the use of the same must not be other than the goods constituting the usual stock in trade of the business using the same. [As amended Sec. 1, Ch. 153, L. 1937.]

The operator of a cigar store and beer parlor who permitted the game of black jack to be played therein with trade checks ranging in price from five cents to

five dollars, sold by him to the players and which were redeemable, at the option of the holder, either in merchandise or cash, held properly found guilty of a violation of chapter 153, laws of 1937, sections 11159 and 11159.1. *State v. Al-dahl et al.*, 106 M 390, 392, 78 P 2d 935.

Id., Chapter 153, sections 11159 and

11159.1, designed to permit the playing of certain games for amusement and pas-time and as business trade stimulators upon payment of a license, held not sus-ceptible of a construction rendering the use of trade checks for betting purposes in the games therein enumerated proper.

11159.1. License—expiration date. The license fee provided for in the preceding section shall be paid to the treasurer of the county in which such licensee operates before any of the acts or things herein licensed and permitted shall be done, operated, or used, and the applicant for a license shall, along with the amount of the license fee, send or give to the county treasurer the name and location of the business for which the license is sought, together with the names of all of the owners thereof, whereupon the county treasurer shall issue a license to said place of business, which license shall show on the face thereof, the number of card tables for which license is paid, and the trade stimulators, if any, for the use of which license is paid. All licenses issued hereunder shall expire each and every year at midnight, the 31st day of December, of the calendar year for which they are issued. The funds so received shall be deposited in the poor fund of the county. [En. Sec. 2, Ch. 153, L. 1937.]

11159.2. Exemptions from act. That any religious, fraternal or chari-table organization, and all private homes, are not included within the pro-visions of this act. [En. Sec. 3, Ch. 153, L. 1937.]

CHAPTER 39, EMBEZZLEMENT AND OTHER OFFENSES BY PUBLIC OFFICERS

11318. Embezzlement by public officer.

An information charging a city em-ployee entrusted with the collection of city water rentals with embezzlement and alleging that he did on a certain day in 1931, "and from thence continuously" on divers dates to a given date two years later receive public funds aggregating a given amount which he failed to pay over to the city treasurer, held not open to the objection that it stated more than one

offense, the rule being that in such a case there is no duplicity where the embezzle-ment is accomplished by a continuous series of acts, the state being entitled to treat such acts as constituting one em-bezzlement, irrespective of the fact that under a city ordinance he was required to account daily for the funds collected. *State v. Kurth*, 105 M 260, 261 et seq., 72 P 2d 687.

11319. Officers neglecting to pay over public moneys.

The conviction on these facts might stand if the defendant were charged under section 11319, Revised Codes, under which appropriation to his own use with the intent to deprive the state of its property

need not be shown, but the defendant is charged under section 11368, which makes the appropriation and intent the neces-sary elements." *State v. McGuire*, 107 M 341, 346, 88 P 2d 35.

CHAPTER 43, LARCENY**11368. Larceny defined.**

In a prosecution for larceny as bailee against a public officer brought under section 11368, Revised Codes, the mere retention of the money said to have been taken is not alone sufficient to constitute the offense charged, since failure to account therefore may have been due to misfortune or other non-criminal cause; to sustain conviction defendant's felonious intent to convert the money to his own use must be shown by the court. *State v. McGuire*, 107 M 341, 345, et seq., 88 P 2d 35.

Id. Where defendant state liquor store vendor charged with larceny as bailee for

failure to account for store receipts, admitted having received the money but defended on the ground that the store had been robbed and the money taken by parties unknown, and his testimony in that behalf not only stood uncontradicted but was partially corroborated by his own and the state's witnesses, and testimony that his reputation for truth, honesty and integrity was not controverted, and there was no showing that he had appropriated the money to his own use with the intent to deprive the state of its property, the evidence held insufficient to support a verdict of guilty.

CHAPTER 45, FALSE PERSONATION AND CHEATS—FALSE ADVERTISING FAKERS**11410. Obtaining money or property by false pretenses.**

In a prosecution for obtaining money under false pretenses an instruction that before defendant could be convicted the evidence must show that the false representations were of a character against which a man of ordinary caution and intelligence could not have guarded himself was properly denied, the common-law rule to the effect that fraud must have been patent, having been superseded by section 11410, Revised Codes, which does not limit its operation to persons of ordinary caution and prudence. *State v. Foot*, 100 M 33, 41 et seq., 48 P 2d 1113.

Id. One of the essential elements of the crime of obtaining money under false pretenses is that the complaining witness believed the false representations to be true and, relying thereon, parted with his money or property.

Id. Evidence showing that defendant, charged with obtaining money under false pretenses, had represented to the complaining witness, a foreigner unable to read the English language, that he had a tentative building contract which required him to furnish a bond before he could finally secure it, when in fact there was no such contract in existence or contemplated, held sufficient to sustain a verdict of guilty.

Id. The fact that a defrauded person could by reasonable investigation have ascertained the falsity of alleged false representations in reliance on the truth of which he parted with his money is no defense to a criminal prosecution.

Id. While false representations or pretenses giving rise to a prosecution under section 11410, Revised Codes, must be of an existing or past fact by one who knows they are not true, a concurrent promise to do something relating to a future event does not neutralize an accompanying false pretense; if there be the false statement of an existing fact, the adding of a false promise does not take the case out of the statute, when the false pretense was the decisive influence, even though the defrauded party would not have yielded to the pretense without the promise.

Id. An information charging the obtaining of money by false pretenses need not allege the very words of the pretenses or whether they were spoken or written; hence the contention that such an information under section 11410, supra, must also conform to section 11987, *Id.*, which provides the kind and character of proof essential to a conviction, held not meritorious.

CHAPTER 55, PUNISHMENTS—ATTEMPTS AND OTHER GENERAL PROVISIONS

11590. Attempts to commit crime, when punishable.

Information charging that defendant wilfully, unlawfully and feloniously attempted to have sexual intercourse with prosecutrix, and forcibly and violently, without her consent and contrary to her wishes and expressed protest, demanded that she submit to sexual intercourse and by force attempted to overcome her and

accomplish the act of intercourse, held sufficient under the statutes (secs. 11843, subd. 2, 11845, Rev. Codes), as against the objections that no overt act was charged and that intent was insufficiently alleged. *State v. Stevens*, 104 M 189, 195, 65 P 2d 612.

Id. CHAPTER 62, IMPEACHMENTS

11688. Accusation to be presented by grand jury, county attorney or attorney general. An accusation in writing against any district, county, township, or municipal officer or school trustee, for wilful or corrupt misconduct or malfeasance in office, may be presented by the grand jury, or filed by the county attorney, of the county for which the officer accused is elected or appointed, or an accusation may be filed by the attorney general. [As amended Sec. 1, Ch. 216, L. 1939.]

CHAPTER 63, REMOVAL OF OFFICERS OTHERWISE THAN BY IMPEACHMENT

11702. Removal of public officers by summary proceedings.

Held, that while section 11702, Revised Codes, declares that where a public of-

ficer is sought to be removed in a proceeding in the district court for the col-

lection of illegal fees, he shall be entitled, in defense, to offer evidence of his good faith, such declaration evidences the public policy of the state in such a proceeding and must be held applicable to one instituted by the governor for the removal of the members of the state highway commission at a hearing held before him, and therefore he committed error in

denying to the accused the right to introduce evidence in aid of their defense of good faith in collecting such fees. *State ex rel. Holt v. District Court et al.*, 103 M 438, 444 et seq., 63 P 2d 1026.

CHAPTER 64, LOCAL JURISDICTION OF PUBLIC OFFENSES

11712. Property feloniously taken in one county and brought into another, and apportioning costs of prosecution and trial by the judge. When property taken in one county by burglary, robbery, or larceny has been brought into another, the jurisdiction of the offense is in either county. But if at any time before the conviction of the defendant in the latter, he is indicted or informed against in the former county, the sheriff of the latter county must, upon demand, deliver him to the sheriff of the former.

Provided, however, that when the trial or prosecution is had in the county to which the property is brought after its taking as aforesaid, the county in which the property was so taken shall be liable for all or such proportion of the costs of the prosecution and trial as the judge of the court in which the prosecution or trial has been or may be had shall or may certify as proper costs against the county in which the property was taken, in the same manner and to the same extent as if the prosecution had been instituted in the county in which the property was so taken as aforesaid; and the proportion of said costs so found as payable by the county from which the property was so taken shall be paid by it in the same manner as if the action or prosecution had been commenced in the latter county and the venue of the action or prosecution changed to the county to which the property is brought, as provided in section 4954 of the Revised Codes of Montana, 1935, so far as the same is pertinent hereto. [As amended Sec. 1, Ch. 21, L. 1937.]

While the jurisdiction of the district court in a prosecution for larceny (of livestock) is determined by the place where the crime was committed, where the property is taken in one county and thereafter brought into another the jurisdiction is, under section 11712, Revised Codes, in either county. *State v. Akers*, 106 M 43, 57, 74 P 2d 1138.

Id. Where the theft of a horse was a part of a concerted plan to steal horses, they being driven to a railway station for

shipment out of the state, there was a continuous commission of the crime, commencing at the place where the particular horse was taken, to the place of its destination, even though defendant's active participation in the theft ceased at a place between that of its taking and its destination, he being responsible for the crime as long as the plan of theft was operative, and the court of the county into which the animal had been driven had jurisdiction.

CHAPTER 67, THE WARRANT OF ARREST—PROCEEDINGS ON EXECUTION OF THE WARRANT

11737. To what peace officers warrants are to be directed, when and how executed in another county, executed by what officers and arrest. If it is issued by any other magistrate it may be directed generally to any sheriff, constable, marshal, or policeman in the county in which it is issued, and may be executed by such officer in any part of the state, and if the complaint, on which the warrant is issued, has been subscribed and sworn to by the county attorney of the county in which it was issued, the warrant may

be executed by any of those officers to whom it may be delivered in any part of the state, in which case the arrest may also be made by telegraph in the same manner as provided in sections 11767 and 11768 of this code. [As amended Sec. 1, Ch. 152, L. 1939.]

CHAPTER 68, ARREST—BY WHOM AND HOW MADE— RETAISING AFTER ESCAPE

11766.1. Power of arrest by officer of other states. Any peace officer of another state of the United States, who enters this state in close pursuit and continues within this state in such close pursuit of a person in order to arrest him, shall have the same authority to arrest and hold in custody such person, as peace officers of this state have to arrest and hold in custody a person on the ground that he has committed a crime in this state. [En. Sec. 1, Ch. 187, L. 1937.]

NOTE.—Uniform Act: Sections 11766.1 through 11766.6 constitute one of the reciprocal legislative acts drafted by the interstate commission on crime aided by the commissioners on uniform state laws and has been enacted in Arizona, California, Connecticut, Delaware, Kansas, Louisiana, Maryland, Massachusetts, Michigan, Nebraska, New Hampshire, New Jersey, New Mexico, New York, Ohio, Oregon, Pennsylvania, Rhode Island, Utah, Vermont, Virginia and West Virginia.

11766.2. Hearing on legality of arrest. If an arrest is made in this state by an officer of another state in accordance with the provisions of section 11766.1, he shall, without unnecessary delay, take the person arrested before a judge of a court of record who shall conduct a hearing for the sole purpose of determining if the arrest was in accordance with the provisions of section 11766.1, and not of determining the guilt or innocence of the arrested person. If the judge determines that the arrest was in accordance with such provisions, he shall commit the person arrested to the custody of the officer making the arrest, who shall without unnecessary delay take him to the state from which he fled. If the judge determines that the arrest was unlawful, he shall discharge the person arrested. [En. Sec. 2, Ch. 187, L. 1937.]

11766.3. Construction. Section 11766.1 shall not be construed so as to make unlawful any arrest in this state which would otherwise be unlawful. [En. Sec. 3, Ch. 187, L. 1937.]

11766.4. "State" includes District of Columbia. For the purpose of this act the word state shall include the District of Columbia. [En. Sec. 4, Ch. 187, L. 1937.]

11766.5. Copy of act to other states. Upon the passage and approval by the governor of this act, it shall be the duty of the secretary of the state (or other officer) to certify a copy of this act to the executive department of each of the states of the United States. [En. Sec. 5, Ch. 187, L. 1937.]

11766.6. Title of act. This act may be cited as the uniform act on close pursuit. [En. Sec. 7, Ch. 187, L. 1937.]

11801. Information to be filed.

11805. Indorsement on information.

Though section 11805, Revised Codes, requires the county attorney to indorse the names of the state's witnesses on an information at the time it is filed, if they are known, it does not prevent the state from using witnesses whose names are not so indorsed. State v. Akers, 106 M 43, 55, 74 P 2d 1138.

Id. Where, after the state had made sufficient showing of the ownership of a horse in the prosecuting witness in a prosecution for its larceny before the county attorney introduced two witnesses whose names were not endorsed on the information relating to the transfer of the animal from one to the other prior

to its sale to the prosecuting witness, defendant could not have been prejudiced by the procedure designed to rebut the attempt on the part of defendant to show a different ownership by cross-examination of the state's witnesses.

In the absence of a showing that at the time a county attorney filed an information (charging attempt to commit arson) he knew that certain persons would be material witnesses but failed to endorse their names thereon, permission to endorse them on the day of the trial is not error. State v. Gaffney, 106 M 310, 313, 77 P 2d 398.

CHAPTER 72, RULES OF PLEADING AND FORM OF THE INFORMATION AND INDICTMENT

11843. Indictment, or information, what to contain.

Information charging that defendant wilfully, unlawfully and feloniously attempted to have sexual intercourse with prosecutrix, and forcibly and violently, without her consent and contrary to her wishes and expressed protest, demanded that she submit to sexual intercourse and by force attempted to overcome her and accomplish the act of intercourse, held sufficient under the statutes (secs. 11843, subd. 2, 11845, Rev. Codes), as against

the objections that no overt act was charged and that intent was insufficiently alleged. State v. Stevens, 104 M 189, 196, 65 P 2d 612.

Ordinarily, an information charging a public offense in the language of the statute is sufficient; if deemed insufficient as to details and facts, the remedy of defendant is by way of a request for a bill of particulars. State v. Hahn et al., 105 M 270, 273, 72 P 2d 459.

11845. It must be direct and certain.

Information charging that defendant wilfully, unlawfully and feloniously attempted to have sexual intercourse with prosecutrix, and forcibly and violently, without her consent and contrary to her wishes and expressed protest, demanded that she submit to sexual intercourse and by force attempted to overcome her and accomplish the act of intercourse, held

sufficient under the statutes (secs. 11843, subd. 2, 11845, Rev. Codes), as against the objections that no overt act was charged and that intent was insufficiently alleged. State v. Stevens, 104 M 189, 196, 65 P 2d 612.

11853. Not insufficient for defect of form not tending to prejudice defendant.

right to a fair trial. State v. Laughlin, 105 M 490, 496, 73 P 2d 718.

CHAPTER 74, SETTING ASIDE THE INDICTMENT OR INFORMATION

11891. Indictment, when set aside on motion.

Where leave of court to file an information has not been obtained it can be filed only after examination and commitment by a magistrate. (Const., art. III, sec. 8; sec. 11891, Rev. Codes). State v. Foot, 100 M 33, 39, 48 P 2d 1113.

The matter of obtaining leave to file an information, without a previous examination of the accused by a committing magistrate, is authorized by both constitu-

tion and statute; it is not to be considered as a merely perfunctory one, and though the county attorney is not required to support the application by affidavit or set forth therein the facts constituting the charge with technical accuracy, the showing must be sufficient to move the discretion of the court. State v. District Court et al., 107 M 309, 312 et seq., 84 P 2d 979.

CHAPTER 75, DEMURRER

11901. Judgment on demurrer.

Under section 11901, Revised Codes, an order sustaining a demurrer to an information constitutes a judgment. State

v. Safeway Stores, Inc., 106 M 182, 197, 76 P 2d 81.

11902. If allowed, bar to another prosecution, when.

The fact that an information charging a public offense (an osteopath practicing medicine and surgery without a license) does not allege sufficient facts, does not warrant a dismissal of the action, if, in

the opinion of the court, the pleading may be amended so as to remedy the defect. State v. District Court et al., 105 M 77, 81, 69 P 2d 748.

Where an information charging attempt to commit arson was sufficient as originally filed and to which defendant pleaded not guilty but the county attorney, after giving defendant ten days' notice of a proposed amendment thereof, was permitted on the day of trial to amend by interlineation setting forth the manner and means by which the fire was attempt-

ed to be set, whereupon defendant was unnecessarily arraigned, the fact that he was not given two days in which to prepare for trial after arraignment (sec. 11935, Rev. Codes) could not have affected him prejudicially, in view of the notice already given him and the fact that the amendment was unnecessary. State v. Gaffney, 106 M 310, 312, 77 P 2d 398.

An information charging the obtaining of money by false pretenses need not allege the very words of the pretenses or whether they were spoken or written; hence the contention that such an information under section 11410 must also

conform to section 11987, which provides the kind and character of proof essential to a conviction, held not meritorious. State v. Foot, 100 M 33, 45, 48 P 2d 1113.

References

Keller v. Safeway Stores, 15 F. S. 716.

11988. Conviction on testimony of accomplice.

While under section 11988, Revised Codes, there can be no conviction of crime

upon the uncorroborated testimony of an accomplice, the accomplice need not be

corroborated upon every fact to which he testified, nor need the corroborating evidence be sufficient, standing alone, to convict or absolutely connect the defendant with the crime, it being sufficient if the corroborative evidence tends to connect him with its perpetration. *State v. Akers*, 106 M 43, 51, 74 P 2d 1138.

Id. Whether two witnesses in a prosecution for horse stealing who testified that they had been hired by defendant to drive the animal to a certain corral and had been paid for doing it were accomplices was within the province of the jury to determine under an instruction properly defining the term "accomplice" and declaring the character of evidence required corroborative of that of an accomplice to sustain conviction.

Id. After there has been the necessary corroboration of an accomplice the jury may weigh the entire testimony of the latter in order to determine the guilt of the defendant.

Evidence in a prosecution for attempted arson against the owner of a dwelling house who, according to the testimony of his accomplice, a witness for the state, who actually made the attempt at the solicitation of the defendant owner upon the latter's promise to pay him ten per cent. of the insurance money recovered, had furnished him with a diagram of the upper story of the structure where the attempt was made, the lower story being occupied, held sufficiently corroborated by other evidence tending to connect defendant with the commission of the crime, within the rule declared by section 11988, Revised Codes, to warrant judgment of conviction. *State v. Gaffney*, 106 M 310, 313, 77 P 2d 398.

Where conviction of one charged with

crime rests solely upon the testimony of an accomplice, section 11988, Revised Codes, imperatively requires that such testimony must be corroborated by other evidence which in itself tends to connect the defendant with the commission of the offense, the corroboration being insufficient if it merely shows its commission or the circumstances thereof, and the trial court has no discretion in the matter but must apply the statute in all such cases. *State v. Keckonen*, 107 M 253, 258, 84 P 2d 341.

Id. After the testimony of an accomplice has been corroborated as required by the above section, the jury may weigh his entire testimony in order to determine the guilt of the defendant.

Id. To meet the requirement of section 11988, supra, that the testimony of an accomplice must tend to connect with the commission of the offense charged, testimony upon immaterial matters or such as raises a suspicion or conjecture is insufficient, but it must have a tendency to establish the state's case and not be equally consonant with a reasonable explanation pointing to innocent conduct on the part of defendant.

Id. Testimony in a prosecution for the infamous crime against nature (sodomy) claimed by the state as sufficiently corroborative of that of a boy accomplice in that it tended to connect the defendant with the commission of the offense, held insufficient as either showing simply opportunity of defendant to commit the crime, or a suspicion that he had committed it, or that he and the boy were together in the same room when arrested, or that he had made gifts to the boy, or the boy's nervous condition, etc., and therefore insufficient to warrant conviction.

Record on appeal from an order sustaining a demurrer to an information, consisting of the information, demurrer and ruling thereon, notice of appeal, copy of the minute entries and certificate of the clerk of court, held sufficient as against the contention that the record should consist of a bill of exceptions duly settled; the record containing all that

is required by section 12074, Revised Codes, except the instructions, none having been given, the cause having reached only the demurrer stage, and no exception being required to the court's ruling on the demurrer, presentation of the case in form of a bill of exceptions would have been an idle act. State v. Safeways Stores, Inc., 106 M 182, 197, 76 P 2d 81.

12078. Court may suspend sentence, when. In all prosecutions for crimes or misdemeanors, except as hereinafter provided, where the defendant has pleaded or been found guilty, or where the court or magistrate has power to sentence such defendant to any penal or other institution in this state, and it appears that the defendant has never before been imprisoned for crime either in this state or elsewhere (but detention in an institution for juvenile delinquents shall not be considered imprisonment), and where it appears to the satisfaction of the court that the character of the defendant and circumstances of the case are such that he is not likely again to engage in an offensive course of conduct, and where it may appear that the public safety does not demand or require that the defendant shall suffer the penalty imposed by law, said court may suspend the execution of the sentence and place the defendant on probation in the manner hereinafter provided. Nothing in this act contained shall in any manner affect the laws providing the method of dealing with the juvenile delinquents. Any judge, who has suspended a sentence of imprisonment under this section, or his successor, is authorized thereafter, in his discretion, during the period of such suspended sentence to revoke such suspension and order such person committed, or may, in his discretion, order the prisoner placed under the jurisdiction of the state board of prison commissioners as provided by law, or retain such jurisdiction with his court as is authorized by him or his successor. Prior to such revocation of the order of such suspension the person affected shall be given a hearing before said judge. [As amended Sec. 1, Ch. 184, L. 1937.]

Under section 12078, Revised Codes, before amendment, authorizing suspension of sentence on one convicted of crime or misdemeanor, where a court does suspend sentence it loses jurisdiction and only the state board of prison commissioners may thereafter order his incarceration for a violation of the conditions imposed

by the board of probation. Ex Parte Sheehan, 100 M 244, 250 et seq., 49 P 2d 438.

Id. Held, that the legislature in enacting section 12078, Revised Codes, (a part of the act authorizing suspension of sentence and probation in criminal cases) by providing that in all prosecutions for misdemeanors the court or magistrate hav-

ing power to sentence may give the defendant the advantage of the act, clearly intended to make its provisions applicable to all persons prosecuted for public offenses in either the district or justices' courts, irrespective of the fact that the section appears in that portion of the Codes dealing exclusively with district courts, or the fact that under sections 12081 and 12082 the state board of prison commissioners must furnish the "clerk of courts" of each county with certain blanks and such clerks must certify the record to the board, and a justice court has no clerk.

Defendant was convicted in a justice's court of a misdemeanor and upon his plea of guilty sentenced to a term of six months in jail; the sentence was suspended and he placed on probation. Later he was re-arrested by order of the justice and placed in charge of the sheriff to serve out his sentence. Held, on petition for writ of habeas corpus that the justice lost jurisdiction over the person of petitioner on pronouncement and entry of judgment,

therefore had none to cause his re-arrest and that petitioner is entitled to his discharge, he in effect being serving his sentence while at liberty under the control of the state board of prison commissioners.

Id. Inclusion of a clause in a judgment of a justice of the peace suspending execution of a sentence to a term in jail on condition that defendant leave and remain out of the county is in the nature of a pardon on condition rather than punishment and therefore void as an attempted exercise of the pardoning power reposed in the governor and state board of pardons; such clause, however, may be eliminated without affecting the judgment, its suspension and the probation of defendant.

The power to suspend execution of sentence in a criminal case is lodged in the trial court only; hence an instruction denying that power to the jury was correct. *State v. Simanton*, 100 M 292, 311, 49 P 2d 981.

12078.1. Order suspending sentence to be sent prison commissioners and other officers when jurisdiction retained by court. When any judge has suspended a sentence of imprisonment as provided in section 12078 of the Revised Codes of Montana, 1935, as amended by chapter 184 of the laws of 1937, and has not ordered the prisoner placed under the jurisdiction of the state board of prison commissioners, but has retained jurisdiction with the court, the clerk of said court shall nevertheless mail a full copy of the judgment of the court and the order suspending the sentence and certify the same to the state board of prison commissioners and bureau of identification at the state prison, or if the defendant would have been confined to an institution other than the state prison, then a copy shall be sent to the institution to which said court would have committed the defendant but for the suspending of the sentence [En. Sec. 1, Ch. 40, L. 1939.]

12082. Certificate of judgment, and order for suspension.

Held, that the legislature in enacting section 12078, Revised Codes (a part of the act authorizing suspension of sentence and probation in criminal cases) by providing that in all prosecutions for misdemeanors the court or magistrate having power to sentence may give the defendant the advantage of the act, clearly intended to make its provisions applicable to all persons prosecuted for public offenses in either the district or justices'

courts, irrespective of the fact that the section appears in that portion of the codes dealing exclusively with district courts, or the fact that under sections 12081 and 12082 the state board of prison commissioners must furnish the "clerk of courts" of each county with certain blanks and such clerks must certify the record to the board, and a justice court has no clerk. *Ex Parte Sheehan*, 100 M 244, 252, 49 P 2d 438.

Id. The fact that the judgment of a justice of the peace suspending sentence imposed for the commission of a misdemeanor was not certified to the state

board of prison commissioners as required by section 12082, Revised Codes, could not affect the status of defendant with reference to his rights as a probationer.

CHAPTER 89, DISMISSING APPEALS FOR IRREGULARITY— ARGUMENT ON THE APPEAL—JUDGMENT UPON APPEAL

12125. Judgment without regard to technical errors.

Where the record on appeal in a criminal case establishes the guilt of the defendant, a new trial will not be granted even though there be error, unless it clearly appears that the error complained of actually prejudiced the accused in his right to a fair trial. *State v. Laughlin*, 105 M 490, 496, 73 P 2d 718.

CHAPTER 96, COMPELLING THE ATTENDANCE OF WITNESSES

12183.1. Definitions. Witness—as used in this act shall include a person whose testimony is desired in any proceeding or investigation by a grand jury or in a criminal action, prosecution or proceeding. The word state shall include any territory of the United States and District of Columbia. [En. Sec. 1, Ch. 187, L. 1937.]

NOTE.—Uniform State Law: Sections 12183.1 through 12183.6 constitute the “Uniform act to secure the attendance of witnesses from without the state in criminal proceedings” approved by the national conference of commissioners on uniform state laws in 1931, revised in 1936, and adopted in the states of Arizona, Arkansas, California, Connecticut, Delaware, Idaho, Indiana, Maine, Maryland,

Massachusetts, Mississippi, Nebraska, Nevada, New Hampshire, New Jersey, New York, North Carolina, North Dakota, Ohio, Oregon, Pennsylvania, Rhode Island, South Dakota, Utah, Vermont, Virginia, West Virginia, Wisconsin, Wyoming and also in Puerto Rico. The act is one of the reciprocal legislative acts drafted by the interstate commission on crime.

12183.2. Summoning witness in this state to testify in another state. If a judge of a court of record in any state, which, by its laws has made provision for commanding persons within that state to attend and testify in this state, certifies under the seal of such court that there is a criminal prosecution pending in such court, or that a grand jury investigation has commenced or is about to commence, that a person being within this state is a material witness in such prosecution, or grand jury investigation, and that his presence will be required for a specified number of days, upon presentation of such certificate to any judge of a court of record in the county in which such person is, such judge shall fix a time and place for a hearing, and shall make an order directing the witness to appear at a time and place certain for the hearing.

If at a hearing the judge determines that the witness is material and necessary, that it will not cause undue hardship to the witness to be compelled to attend and testify in the prosecution, or a grand jury investigation, in the other state, and that the laws of the state in which the prosecution is pending, or grand jury investigation has commenced or is about to commence, will give to him protection from arrest and the service of civil and criminal process, he shall issue a summons, with a copy of the certificate attached, directing the witness to attend and testify in the court where the prosecution is pending, or where a grand jury investigation has

commenced or is about to commence at a time and place specified in the summons. In any such hearing the certificate shall be prima facie evidence of all the facts stated therein.

If said certificate recommends that the witness be taken into immediate custody and delivered to an officer of the requesting state to assure his attendance in the requesting state, such judge may, in lieu of notification of the hearing, direct that such witness be forthwith brought before him for said hearing; and the judge at the hearing being satisfied of the desirability of such custody and delivery, for which determination the certificate shall be prima facie proof of such desirability may, in lieu of issuing subpoena or summons, order that said witness be forthwith taken into custody and delivered to an officer of the requesting state.

If the witness, who is summoned as above provided, after being paid or tendered by some properly authorized person the sum of ten (10c) cents a mile for each mile and five dollars (\$5.00) for each day, that he is required to travel and attend as a witness, fails without good cause to attend and testify as directed in the summons, he shall be punished in the manner provided for the punishment of any witness who disobeys a summons issued from a court of record in this state. [En. Sec. 2, Ch. 188, L. 1937.]

12183.3. Witness from another state summoned to testify in this state.

If a person in any state, which by its laws has made provision for commanding persons within its borders to attend and testify in criminal prosecutions, or grand jury investigations commenced or about to commence, in this state, is a material witness in a prosecution pending in a court of record in this state, or in a grand jury investigation which has commenced or is about to commence, a judge of such court may issue a certificate under the seal of the court stating these facts and specifying the number of days the witness will be required. This certificate shall be presented to a judge of a court of record in the county in which the witness is found,

If said certificate recommends that the witness be taken into immediate custody and delivered to an officer of this state to assure his attendance in this state, such judge may direct that such witness be forthwith brought before him; and the judge being satisfied of the desirability of such custody and delivery, for which determination said certificate shall be prima facie proof, may order that said witness be forthwith taken into custody and delivered to an officer of this state, which order shall be sufficient authority to such officer to take such witness into custody and hold him unless and until he may be released by bail, recognizance, or order of the judge issuing the certificate.

If the witness is summoned to attend and testify in this state, he shall be tendered the sum of ten (10c) a mile for each mile and five dollars (\$5.00) for each day that he is required to travel and attend as a witness. A witness who has appeared in accordance with the provisions of the summons shall not be required to remain within this state a longer period of time than the period mentioned in the certificate, unless otherwise ordered by the court. If such witness fails without good cause to attend and testify as directed in the summons, he shall be punished in the manner provided for the punishment of any witness who disobeys a summons issued from a court of record in this state. [As amended Sec. 3, Ch. 188, L. 1937.]

12183.4. Exemption from arrest and service of process. If a person comes into this state in obedience to a summons directing him to attend and testify in this state, he shall not, while in this state pursuant to such summons or order, be subject to arrest or the service of process, civil or criminal, in connection with matters which arose before his entrance into this state under the summons.

If a person passes through this state while going to another state in obedience to a summons or order to attend and testify in that state or while returning therefrom he shall not, while so passing through this state, be subject to arrest or the service of process, civil or criminal, in connection with matters which arose before his entrance into this state under the summons or order. [En. Sec. 4, Ch. 188, L. 1937.]

12183.5. Uniformity of interpretation. This act shall be so interpreted and construed as to effectuate its general purpose to make uniform the law of the states which enact it. [En. Sec. 5, Ch. 188, L. 1937.]

12183.6. Short title. This act may be cited as "uniform act to secure the attendance of witnesses from without the state in criminal cases". [En. Sec. 6, Ch. 188, L. 1937.]

CHAPTER 101, DISMISSAL OF ACTIONS FOR WANT OF PROSECUTION OR OTHER REASONS

12223. When action may be dismissed.

Where defendant, charged with a misdemeanor in a justice court, was tried within a week after the offense was committed, the requirements of section 16, article III of the constitution with relation to a speedy trial were met, but where, after conviction, he appealed to the district court for a trial *de novo*, he did not have the benefit of section 12223, Revised Codes, which provides that if a defendant's trial is not postponed on his application, the prosecution must be dismissed if not brought to trial within six months,

that section having no application to the trial of criminal cases appealed from a justice to the district court under such facts. *State v. Schnell*, 107 M 579, 582, et seq., 88 P 2d 19.

Id. Where one convicted in a justice court of a misdemeanor appeals to the district court, desires a more speedy trial than is accorded him it is incumbent upon him to apply for it, before he can avail himself of the constitutional provision, *supra*.

CHAPTER 104, PARDONS—COMMUTATIONS—REMISSIONS—RESPITES—BOARD OF PARDONS

12266.1. Governor authorized to make compacts concerning out-of-state parolees. The governor of this state is hereby authorized and directed to enter into a compact on behalf of the state of Montana with any of the United States legally joining therein in the form substantially as follows:

A compact. Entered into by and among the contracting states, signatories hereto, with the consent of the congress of the United States of America, granted by an act entitled "an act granting the consent of congress to any two or more states to enter into agreements or compacts for co-operative effort and mutual assistance in the prevention of crime and for other purposes".

The contracting states solemnly agree:

(1) That it shall be competent for the duly constituted judicial and administrative authorities of a state party to this compact, (herein called "sending state") to permit any person convicted of an offense within such state and placed on probation or released on parole to reside in any other

state party to this compact, (herein called "receiving state") while on probation or parole, if

(a) Such person is in fact a resident of or has his family residing within the receiving state and can obtain employment there,

(b) Though not a resident of the receiving state and not having his family residing there, the receiving state consents to such person being sent there.

Before granting such permission, opportunity shall be granted to the receiving state to investigate the home and prospective employment of such person.

A resident of the receiving state, within the meaning of this section, is one who has been an actual inhabitant of such state continuously for more than one year prior to his coming to the sending state and has not resided within the sending state more than six continuous months immediately preceding the commission of the offense for which he has been convicted.

(2) That each receiving state will assume the duties of visitation of and supervision over probationers or parolees of any sending state and in the exercise of those duties will be governed by the same standards that prevail for its own probationers and parolees.

(3) That duly accredited officers of a sending state may at all times enter a receiving state and there apprehend and retake any person on probation or parole. For that purpose no formalities will be required other than establishing the authority of the officer and the identity of the person to be retaken. All legal requirements to obtain extradition of fugitives from justice are hereby expressly waived on the part of states party hereto, as to such persons. The decision of the sending state to retake a person on probation or parole shall be conclusive upon and not reviewable within the receiving state: Provided, however, that if at the time when a state seeks to retake a probationer or parolee there should be pending against him within the receiving state any criminal charge, or he should be suspected of having committed within such state a criminal offense, he shall not be retaken without the consent of the receiving state until discharged from prosecution or from imprisonment for such offense.

(4) That the duly accredited officers of the sending state will be permitted to transport prisoners being retaken through any and all states parties to this compact, without interference.

(5) That the governor of each state may designate an officer who, acting jointly with like officers of other contracting states, if and when appointed, shall promulgate such rules and regulations as may be deemed necessary to more effectively carry out the terms of this compact.

(6) That this compact shall become operative immediately upon its ratification by any state as between it and any other state or states so ratifying. When ratified it shall have the full force and effect of law within such state, the form of ratification to be in accordance with the laws of the ratifying state.

(7) That this compact shall continue in force and remain binding upon each ratifying state until renounced by it. The duties and obligations hereunder of a renouncing state shall continue as to parolees or probationers residing therein at the time of withdrawal until retaken or finally discharged by the sending state. Renunciation of this compact shall be by

the same authority which ratified it, by sending six months' notice in writing of its intention to withdraw from the compact to the other states party hereto. [En. Sec. 1, Ch. 189, L. 1937.]

NOTE.—Uniform act: Sections 12266.1 and 12266.2 constitute one of the reciprocal legislative acts drafted by the interstate commission on crime aided by the commissioners on uniform state laws and has been enacted in Arizona, Arkansas,

California, Delaware, Illinois, Iowa, Maryland, Massachusetts, Michigan, Nebraska, New Hampshire, New Jersey, New Mexico, New York, Ohio, Oregon, Pennsylvania, Rhode Island, Utah, Vermont, Washington and West Virginia.

12266.2. Title of act. This act may be cited as the uniform act for out-of-state parolee supervision. [En. Sec. 4, Ch. 189, L. 1937.]

CHAPTER 105, PROCEEDINGS IN BASTARDY

12267. Complaint in bastardy, what to contain, how entitled.

Cross-examination of prosecutrix in a bastardy proceeding the apparent purpose of which was to discredit her in the eyes of the jury by asking questions relating to facts which counsel knew he could not prove and made no attempt to support by proof, held not only prejudicial, even though objections to some of them were sustained and others were answered in the

negative, but to have verged on misconduct of counsel. *State v. Patton*, 102 M 51, 55 et seq., 55 P 2d 1290.

Id. To make testimony that prosecutrix in a bastardy proceeding had sexual intercourse with other men admissible it must be confined to the period of gestation or the time when the child must have been begotten.

12288. Probation officers—appointment, salary, and duties—procedure on criminal complaints against minors—commitment. In every judicial district of the state of Montana the judge thereof having jurisdiction of juvenile matters may appoint one discreet person of good moral character, who shall be known as the chief probation officer of such district and who shall hold his office during the pleasure of the court. Such officer shall receive for his services such sum as shall be specified by the court upon appointment, not exceeding the sum of one thousand eight hundred dollars per annum, to be paid, however, upon a per diem basis for the time actually and necessarily employed in performing the duties of the office. Provided, however, that in counties having a population in excess of 30,000 the district judge having jurisdiction of juvenile matters therein may appoint one chief probation officer for such county, who shall receive for his or her services such sum as shall be specified by the court upon appointment, not exceeding the sum of two hundred dollars per month. The salary of such officer shall be apportioned among and paid by each of said counties in which said officer is appointed to act in proportion to the assessed valuation of such counties for the year then current to be paid out of the contingent fund of the county; except that where such official is appointed for one county his salary shall be paid by that county. In the absence of the appointment of such chief probation officer, it shall be the duty of the sheriff of the respective county or counties comprising such judicial district to perform all the duties of the chief probation officer in this chapter enumerated without additional compensation. Said probation officer shall

also be reimbursed for the actual and reasonable traveling and other expenses incurred by him in pursuance of his official duties. Such reimbursement shall be made once each month by the county or several counties for which such probation officer shall have been appointed. Each probation officer shall, not later than the tenth day of every calendar month, and before the allowance and payment thereof, file or cause to be filed with the proper board of county commissioners of the county chargeable therewith, an itemized sworn statement and account of such expenses, including his claim for salary for the preceding month with the approval of the district judge or judges endorsed thereon. Each county of this state shall reimburse such probation officer only in respect to such expenses as have been incurred in connection with juvenile persons residing in that county.

The district judge having jurisdiction of juvenile matters may also appoint, in counties having a population of more than 30,000, one additional person to serve as deputy probation officer who shall receive not to exceed one hundred fifty dollars (\$150.00) per month and reimbursement for the actual and reasonable traveling and other expenses incurred by him in the pursuance of his official duties and to serve at the will of the court and be paid by the county for which he is appointed out of the same fund heretofore set forth. The judge having jurisdiction may appoint as probation officers such other discreet persons of good moral character as are willing to serve without compensation. It shall be the duty of the clerk of the district court, immediately upon the appointment of a probation officer, to notify the courts and magistrates of any county in which the said officer is appointed, giving them the names and postoffice addresses of such officers. The duties of said probation officer or officers shall be such as hereinafter prescribed.

Whenever a complaint is made or pending against a boy or girl under eighteen years of age for the commission of any offense not punishable by law with life imprisonment, or for which the penalty is death, before any court or magistrate, it shall be the duty of such court or magistrate at once and before any other proceedings are had in the cause, to give notice in writing of the pendency of said cause to the probation office of his county. Such probation officer shall immediately, or as soon thereafter as possible, proceed to inquire into and make a full examination and investigation of the facts and circumstances surrounding the commission of the alleged offense, the parentage and surroundings of said child, its exact age, habits, and school record, and everything that will throw light on its life and character, and may also inquire into the home conditions, habits, and character of the parents or guardians, and shall make a full report thereon in writing to the judge of the district court having charge of such cases, before said cause is tried. If, upon consultation with the probation officer and the examination of such report, it shall appear to the judge of said court that the child is not guilty of the offense charged against it, or that the interest of the child shall be best subserved thereby, the court shall order that such child be not brought into court, and said cause shall be dismissed. Said chief probation officer shall attend all hearings under this act and represent the interests of the child and shall take charge of any child before or after trial, as the judge may direct. Probation officers shall serve warrants and other process of the court, issued because

of violation of this act or issued for the enforcement of this provision of this act, within or without the county, and in that respect they are hereby clothed with the powers and authority of sheriffs; they can make arrests without warrant upon view of the violation of any of the provisions of this act, and detain the person so arrested pending the issuance of a warrant; and perform such other duties incident to their offices as the judge may direct; and all sheriffs, deputy sheriffs, constables, marshals, and police officers are required to render assistance to probation officers in the performance of their duties when requested to do so.

If upon the trial of any child the court shall find that such child is guilty of the offense charged, he may withhold judgment for a definite or indefinite period if it appears that the public and the interest of the child will be best subserved thereby, and may order that such child be returned to the care of his or her parents, guardian, or friends; or he may commit such child to the care of a volunteer probation officer, who shall exercise supervision over it until such time as it is discharged by the court from supervision upon the recommendation of such voluntary probation officer, and if the parents, parent, guardian, or custodian consent thereto, or if the court shall further find either that the parent, parents, guardian, or custodian are unfit or improper guardian, or are unable or unwilling to care for, protect, educate, or discipline such child, and shall further find that it is for the best interest of such child and for the people of this state that such child be taken from the custody of its parents, custodians, or guardian, the court may order such child to be placed in the family of some suitable person where such family home shall be recommended by the probation officer of the court after consultation with those representing the interest of the child, there to remain until he or she shall have attained the age of twenty-one years or for any less time, or the court may order such child to be placed in the home where the county's dependent children are kept; or, if it appears to be for the best interest of the child and such child appears to be in need of institutional training, the court may order him or her to be committed to some state institution or some institution of learning managed by a corporation or individual, and devoted to the care of such children, for a definite or indefinite period; such institution to be situated in the state of Montana, and to be inspected at least once a year and approved by the bureau of child and animal protection and to receive for its services a per diem of thirty-five cents for each day that such child shall be in the custody, such per diem to be paid by the county sending the child, upon itemized vouchers duly certified to by the court; or the court may impose a fine with costs, or the court may for good cause shown suspend judgment in any case for a definite or indefinite period; or, if the offense be a malicious trespass, the court may require the damage to be made good, or if the offense be petty larceny and the stolen property is not recovered, the court may require it to be paid by the delinquent child himself if it be shown that he or she is capable of earning the money or has any money of his or her own, or its parents or guardian, at the discretion of the court; and in all the foregoing cases, where the parents or guardian are unfit to have the custody of said child, or unable to control said child, the court may deem the child to be the ward of the court, as far as its person is concerned; and in all cases where any child has been

decreed to be the ward of the court, the authority of the court over its person shall continue until the court shall otherwise decree, and the court may adopt all rules and regulations that may be needed to carry out the provisions of this act. In every case in which the court shall commit any child to the care and custody of any other institution as above provided, other than a state institution, and such child shall have a parent or guardian within the county, the court may make and enter an order requiring such parent or guardian to appear before said court upon a day and hour to be named by the court therein, and show cause, if any she or he have, why she or he should not pay for the support of such child, in whole or in part, while it is an inmate of such institution. A certified copy of said order shall be served upon such parent or guardian by the chief probation officer of the county not less than ten days prior to the day fixed therein for such appearance. Upon due service and return of said order, the court shall, upon the day fixed, or upon such subsequent day as may be fixed by the court, hear evidence as to the financial ability of such parent or guardian, and in case the court shall find that such parent or guardian should pay for or contribute to the support and maintenance of such child, the court shall render judgment against such parent or guardian that that parent or guardian shall pay to the chief probation officer such sums as the court shall adjudge and at such times and in such amounts as shall be by the court found just. And such judgment shall be enforced as other judgments are enforced, and all moneys collected on such judgments shall be held by the chief probation officer and shall be remitted quarterly by him to the institution keeping such child or children and the amount so remitted shall be deducted from the quarterly bill of such institution.

Provided, that the chief probation officer shall make a verified report to the court at the close of each quarter, of the amount of money so collected on such judgments, which report the judge shall cause to be filed with the county commissioners with the bill rendered by the institution keeping such child. If any child is wayward and unmanageable the court may commit him or her to the industrial school, or to any other state penal or reformatory institution authorized by law to receive such boy or girl subject to such conditions as are already provided by law for the reception of such children in said schools or institutions. And in cases where a child shall be committed to a state or other institution as above provided, the report of the probation officer shall be attached to the commitment and the child shall be placed in charge of the probation officer, or some person designated by the court to be conveyed under his direction to the designated institution; provided, that a woman shall always be sent with the girls so committed, and the person taking such child to the designated institution shall be allowed and paid his or her actual expenses and no more, where he or she is a paid officer of such court, appointed by the court, and in all other cases the person taking such child to any institution shall be allowed and paid for his or her services, the same fees and expenses as are paid to sheriffs in like cases.

And provided, that the court may when the health or condition of the child require it, cause the child to be placed in a public hospital or institution for treatment for special care, or in a private hospital or institution

which will receive it for like purposes without charge or for the per diem of thirty-five cents a day.

Provided, that when a child contemplated by this act shall be sentenced to confinement in any institution to which adult convicts are sentenced, it shall be unlawful to confine such child in any room, yard or enclosure with such adult convicts, or to allow them in any manner to come in contact with them, or in any way commingle with such adult convicts, or to bring such child into any yard or room in which adult convicts may be present.

Provided, that if any such boy or girl against whom a petition is filed is unable to give bond, and the court does not release him or her on his or her own recognizance, then such boy or girl shall be entitled to an immediate hearing and trial, according to law.

Providing that the commitment of any child to an institution or association or society shall be subject to the rules and laws that may be in force from time to time governing such institution, association, or society.

Provided, that when it shall be made to appear to the court that the home of the child or its parents, former guardian or custodian, is a suitable place for such child, and that such child be permitted to remain or ordered to be returned to said home, consistent with the public good and the good of such child, the court may enter an order to that effect, returning such child to his home under probation, parole, or otherwise; it being the intention of this act that no child should be taken away or kept out of his home or away from his parents or guardian any longer than is reasonably necessary to preserve the welfare of the child and the interest of all this state; provided, however, that no such order shall be entered without giving ten days' notice to the person, institution, or association to whose care such child has been committed, unless such guardian, institution, or association to whose care such child has been committed consents to such order.

And provided, the court may from time to time cite into court the person, institution, association, or society in whose care any delinquent child has been awarded, and require him or it to make a full, true, and perfect report as to his or its doings in behalf of such child; and it shall be the duty of such person, institution, or association, within ten days after such citation, to make such report, either in writing, verified by affidavit, or verbally, under oath, in open court or otherwise, as the court shall direct; and upon the hearing of such report, with or without further evidence, the court may, if it sees fit, take such child from said person, institution, association, or society, and place it with another, or restore such child to the custody of its parents or former guardian or custodian. [As amended Sec. 1, Ch. 117, L. 1937; Amd. Sec. 1, Ch. 101, L. 1939.]

CHAPTER 111-A, UNIFORM CRIMINAL EXTRADITION ACT

12428.1. Definitions. Where appearing in this act, the term "governor" includes any person performing the functions of governor by authority of the law of this state. The term "executive authority" includes the governor, and any person performing the functions of governor in a state other than this state. The term "state", referring to a state other than this state, includes any other state or territory, organized or unorganized, of the United States of America. [En. Sec. 1, Ch. 190, L. 1937.]

NOTE.—Uniform state law: Sections 12428.1 through 12428.30 constitute the "uniform criminal extradition act" approved by the national conference of commissioners on uniform state laws in 1926, revised in 1932 and completely revised in 1936. It has been adopted in the states of Alabama, Arkansas, Arizona, California, Delaware, Idaho, Indiana, Kansas, Maine, Maryland, Massachusetts, Michigan, Nebraska, New Hampshire, New Jersey, New York, North Carolina, Ohio, Oregon, Pennsylvania, South Dakota, Utah, Vermont, West Virginia, Wisconsin and Wyoming. The act is one of the reciprocal legislative acts drafted by the interstate commission on crime.

12428.2. Fugitives from justice—duty of governor. Subject to the provisions of this act, the provisions of the constitution of the United States controlling, and any and all acts of congress enacted in pursuance thereof, it is the duty of the governor of this state to have arrested and delivered up to the executive authority of any other state of the United States any person charged in that state with treason, felony, or other crime, who has fled from justice and is found in this state. [En. Sec. 2, Ch. 190, L. 1937.]

12428.3. Demand—form. No demand for the extradition of a person charged with crime in another state shall be recognized by the governor unless in writing alleging that the accused was present in the demanding state at the time of the commission of the alleged crime, and that thereafter he fled from the state, except in cases arising under section 12428.6, and accompanied by a copy of an indictment found or by information supported by affidavit in the state having jurisdiction of the crime, or by a copy of an affidavit made before a magistrate there, together with a copy of any warrant which was issued thereon; or by a copy of a judgment of conviction or of a sentence imposed in execution thereof, together with a statement by the executive authority of the demanding state that the person claimed has escaped from confinement or has broken the terms of his bail, probation or parole. The indictment, information, or affidavit made before the magistrate must substantially charge the person demanded with having committed a crime under the law of that state; and the copy of indictment, information, affidavit, judgment of conviction or sentence must be authenticated by the executive authority making the demand. [En. Sec. 3, Ch. 190, L. 1937.]

12428.4. Investigation by governor. When a demand shall be made upon the governor of this state by the executive authority of another state for the surrender of a person so charged with crime, the governor may call

upon the attorney general or any prosecuting officer in this state to investigate or assist in investigating the demand, and to report to him the situation and circumstances of the person so demanded, and whether he ought to be surrendered. [En. Sec. 4, Ch. 190, L. 1937.]

12428.5. Extradition of persons imprisoned or awaiting trial in another state or who have left the demanding state under compulsion. When it is desired to have returned to this state a person charged in this state with a crime, and such person is imprisoned or is held under criminal proceedings then pending against him in another state, the governor of this state may agree with the executive authority of such other state for the extradition of such person before the conclusion of such proceedings or his term of sentence in such other state, upon condition that such person be returned to such other state at the expense of this state as soon as the prosecution in this state is terminated.

The governor of this state may also surrender on demand of the governor of any other state any person in this state who is charged in the manner provided in section 12428.23 with having violated the laws of the state whose governor is making the demand, even though such person left the demanding state involuntarily. [En. Sec. 5, Ch. 190, L. 1937.]

12428.6. Extradition of persons not present in demanding state at time of commission of crime. The governor of this state may also surrender, on demand of the executive authority of any other state, any person in this state charged in such other state in the manner provided in section 12428.3 with committing an act in this state, or in a third state, intentionally resulting in a crime in the state whose executive authority is making the demand, and the provisions of this act not otherwise inconsistent, shall apply to such cases, even though the accused was not in that state at the time of the commission of the crime, and has not fled therefrom. [En. Sec. 6, Ch. 190, L. 1937.]

12428.7. Issuance of warrant of arrest by governor—recitals therein. If the governor decides that the demand should be complied with, he shall sign a warrant of arrest, which shall be sealed with the state seal, and be directed to any peace officer or other person whom he may think fit to entrust with the execution thereof. The warrant must substantially recite the facts necessary to the validity of its issuance. [En. Sec. 7, Ch. 190, L. 1937.]

12428.8. Execution of warrant—manner and place thereof. Such warrant shall authorize the peace officer or other person to whom directed to arrest the accused at any time and any place where he may be found within the state and to command the aid of all peace officers or other persons in the execution of the warrant, and to deliver the accused, subject to the provisions of this act to the duly authorized agent of the demanding state. [En. Sec. 8, Ch. 190, L. 1937.]

12428.9. Authority of arresting officer. Every such peace officer or other person empowered to make the arrest, shall have the same authority, in arresting the accused, to command assistance therein, as peace officers have by law in the execution of any criminal process directed to them, with like penalties against those who refuse their assistance. [En. Sec. 9, Ch. 190, L. 1937.]

12428.10. Rights of accused person—application for writ of habeas corpus. No person arrested upon such warrant shall be delivered over to the agent whom the executive authority demanding him shall have appointed to receive him unless he shall first be taken forthwith before a judge of a court of record in this state, who shall inform him of the demand made for his surrender and of the crime with which he is charged, and that he has the right to demand and procure legal counsel; and if the prisoner or his counsel shall state that he or they desire to test the legality of his arrest, the judge of such court of record shall fix a reasonable time to be allowed him within which to apply for a writ of habeas corpus. When such writ is applied for, notice thereof, and of the time and place of hearing thereon, shall be given to the prosecuting officer of the county in which the arrest is made and in which the accused is in custody, and to the said agent of the demanding state. [En. Sec. 10, Ch. 190, L. 1937.]

12428.11. Penalty for non-compliance with preceding section. Any officer who shall deliver to the agent for extradition of the demanding state a person in his custody under the governor's warrant, in wilful disobedience to the last section, shall be guilty of a misdemeanor and, on conviction, shall be fined not more than \$1,000.00 or be imprisoned not more than six months, or both. [En. Sec. 11, Ch. 190, L. 1937.]

12428.12. Confinement of accused in jail when necessary. The officer or persons executing the governor's warrant of arrest, or the agent of the demanding state to whom the prisoner may have been delivered may, when necessary, confine the prisoner in the jail of any county or city through which he may pass; and the keeper of such jail must receive and safely keep the prisoner until the officer or person having charge of him is ready to proceed on his route, such officer or person, however, being chargeable with the expense of keeping.

The officer or agent of a demanding state to whom a prisoner may have been delivered following extradition proceedings in another state, or to whom a prisoner may have been delivered after waiving extradition in such other state, and who is passing through this state with such a prisoner for the purpose of immediately returning such prisoner to the demanding state may, when necessary, confine the prisoner in the jail of any county or city through which he may pass; and the keeper of such jail must receive and safely keep the prisoner until the officer or agent having charge of him is ready to proceed on his route, such officer or agent, however, being chargeable with the expense of keeping; provided, however, that such officer or agent shall produce and show to the keeper of such jail satisfactory written evidence of the fact that he is actually transporting such prisoner to the demanding state after a requisition by the executive authority of such demanding state. Such prisoner shall not be entitled to demand a new requisition while in this state. [En. Sec. 12, Ch. 190, L. 1937.]

12428.13. Arrest of accused before making of requisition. Whenever any person within this state shall be charged on the oath of any credible person before any judge or magistrate of this state with the commission of any crime in any other state, and, except in cases arising under section 12428.6 with having fled from justice, or, with having been convicted of a crime in that state and having escaped from confinement, or having

broken the terms of his bail, probation or parole, or whenever complaint shall have been made before any judge or magistrate in this state setting forth on the affidavit of any credible person in another state that a crime has been committed in such other state and that the accused has been charged in such state with the commission of the crime, and, except in cases arising under section 12428.6, has fled from justice, or with having been convicted of a crime in that state and having escaped from bail, probation or parole and is believed to be in this state, the judge or magistrate shall issue a warrant directed to any peace officer commanding him to apprehend the person named therein, wherever he may be found in this state, and to bring him before the same or any other judge, magistrate or court who or which may be available in or convenient of access to the place where the arrest may be made, to answer the charge or complaint and affidavit, and a certified copy of the sworn charge or complaint and affidavit upon which the warrant is issued shall be attached to the warrant. [En. Sec. 13, Ch. 190, L. 1937.]

12428.14. Arrest of accused without warrant therefor. The arrest of a person may be lawfully made also by any peace officer or a private person, without a warrant upon reasonable information that the accused stands charged in the courts of a state with a crime punishable by death or imprisonment for a term exceeding one year, but when so arrested the accused must be taken before a judge or magistrate with all practicable speed and complaint must be made against him under oath setting forth the ground for the arrest as in the preceding section; and thereafter his answer shall be heard as if he had been arrested on a warrant. [En. Sec. 14, Ch. 190, L. 1937.]

12428.15. Commitment to await requisition—bail. If from the examination before the judge or magistrate it appears that the person held is the person charged with having committed the crime alleged, and, except in cases arising under section 12428.6, that he has fled from justice, the judge or magistrate must, by a warrant reciting the accusation, commit him to the county jail for such a time not exceeding thirty days and specified in the warrant, as will enable the arrest of the accused to be made under a warrant of the governor on a requisition of the executive authority of the state having jurisdiction of the offense, unless the accused give bail as provided in the next section, or until he shall be legally discharged. [En. Sec. 15, Ch. 190, L. 1937.]

12428.16. Bail—in what cases—conditions of bond. Unless the offense with which the prisoner is charged is shown to be an offense punishable by death or life imprisonment under the laws of the state in which it was committed, a judge or magistrate in this state may admit the person arrested to bail by bond or undertaking, with sufficient sureties, and in such sum as he deems proper, conditioned for his appearance before him at a time specified in such bond or undertaking, and for his surrender, to be arrested upon the warrant of the governor of this state. [En. Sec. 16, Ch. 190, L. 1937.]

12428.17. Extension of time of commitment adjournment. If the accused is not arrested under warrant of the governor by the expiration of the time specified in the warrant, bond, or undertaking, a judge or magistrate

may discharge him or may recommit him for a further period of sixty (60) days, or a supreme court justice or county judge may again take bail for his appearance and surrender, as provided in section 12428.16, but within a period not to exceed sixty (60) days after the date of such new bond or undertaking. [En. Sec. 17, Ch. 190, L. 1937.]

12428.18. Bail, when forfeited. If the prisoner is admitted to bail, and fails to appear and surrender himself according to the conditions of his bond, the judge, or magistrate by proper order, shall declare the bond forfeited and order his immediate arrest without warrant if he be within this state. Recovery may be had on such bond in the name of the state as in the case of other bonds or undertakings given by the accused in criminal proceedings within this state. [En. Sec. 18, Ch. 190, L. 1937.]

12428.19. Persons under criminal prosecution in this state at time of requisition. If a criminal prosecution has been instituted against such person under the laws of this state and is still pending, the governor, in his discretion, either may surrender him on demand of the executive authority of another state or hold him until he has been tried and discharged or convicted and punished in this state. [En. Sec. 19, Ch. 190, L. 1937.]

12428.20. Guilt or innocence of accused, when inquired into. The guilt or innocence of the accused as to the crime of which he is charged may not be inquired into by the governor or in any proceeding after the demand for extradition accompanied by a charge of crime in legal form as above provided shall have been presented to the governor, except as it may be involved in identifying the person held as the person charged with the crime. [En. Sec. 20, Ch. 190, L. 1937.]

12428.21. Alias warrant of arrest. The governor may recall his warrant of arrest or may issue another warrant whenever he deems proper. [En. Sec. 21, Ch. 190, L. 1937.]

12428.22. Fugitives from this state—duty of governors. Whenever the governor of this state shall demand a person charged with crime or with escaping from confinement or breaking the terms of his bail, probation or parole in this state, from the chief executive of any other state, or from the chief justice or an associate justice of the supreme court of the District of Columbia authorized to receive such demand under the laws of the United States, he shall issue a warrant under the seal of this state, to some agent, commanding him to receive the person so charged if delivered to him and convey him to the proper officer of the county in this state in which the offense was committed. [En. Sec. 22, Ch. 190, L. 1937.]

12428.23. Application for issuance of requisition—by whom made—contents. I. When the return to this state of a person charged with crime in this state is required, the prosecuting attorney shall present to the governor his written application for a requisition for the return of the person charged, in which the person so charged, the crime charged against him, the approximate time, place and circumstances of its commission, the state in which he is believed to be, including the location of the accused therein at the time the application is made and certifying that, in the opinion of the said prosecuting attorney the ends of justice require the arrest and return of the accused to this state for trial and that the proceeding is not instituted to enforce a private claim.

II. When the return to this state is required of a person who has been convicted of a crime in this state and has escaped from confinement or broken the terms of his bail, probation or parole, the prosecuting attorney of the county in which the offense was committed, the parole board, or the warden of the institution or sheriff of the county, from which escape was made, shall present to the governor a written application for a requisition for the return of such person, in which application shall be stated the name of the person, the crime of which he was convicted, the circumstances of his escape from confinement or of the breach of the terms of his bail, probation or parole, the state in which he is believed to be, including the location of the person therein at the time application is made.

III. The application shall be verified by affidavit, shall be executed in duplicate and shall be accompanied by two certified copies of the indictment returned, or information and affidavit filed, or of the complaint made to the judge or magistrate, stating the offense with which the accused is charged, or of the judgment of conviction or of the sentence. The prosecuting officer, parole board, warden or sheriff may also attach such further affidavits and other documents in duplicate as he shall deem proper to be submitted with such application. One copy of the application, with the action of the governor indicated by endorsement thereon, and one of the certified copies of the indictment, complaint, information, and affidavits, or of the judgment of conviction or of the sentence shall be filed in the office of the secretary of state to remain of record in that office. The other copies of all papers shall be forwarded with the governor's requisition. [En. Sec. 23, Ch. 190, L. 1937.]

12428.24. Fugitives from this state—accounts. When the governor of this state, in the exercise of the authority conferred by section 2, article IV, of the constitution of the United States, or by the laws of this state, demands from the executive authority of any state of the United States, or of any foreign government, the surrender to the authorities of this state of a fugitive from justice, who has been found and arrested in such state or foreign government, the accounts of the person employed by him to bring back such fugitive must be audited by the board of examiners, and paid out of the state treasury. [En Sec. 24, Ch. 190, L. 1937.]

Note.—This section is identical with section 12427, R. C. M., 1935.

12428.25. Immunity from service of process in certain civil actions. A person brought into this state on, or after waiver of, extradition based on a criminal charge shall not be subject to service of personal process in civil actions arising out of the same facts as the criminal proceeding to answer which he is being or has been returned, until he has been convicted in the criminal proceeding, or, if acquitted, until he has had reasonable opportunity to return to the state from which he was extradited. [En. Sec. 25, Ch. 190, L. 1937.]

12428.26. Written waiver of extradition proceedings. Any person arrested in this state charged with having committed any crime in another state or alleged to have escaped from confinement, or broken the terms of his bail, probation or parole may waive the issuance and service of the warrant provided for in sections 12428.7 and 12428.8 and all other procedure incidental to extradition proceedings, by executing or subscribing in the presence of a judge of any court of record within this state a writing which

states that he consents to return to the demanding state; provided, however, that before such waiver shall be executed or subscribed by such person it shall be the duty of such judge to inform such person of his rights to the issuance and service of a warrant of extradition and to obtain a writ of habeas corpus as provided for in section 12428.10.

If and when such consent has been duly executed it shall forthwith be forwarded to the office of the governor of this state and filed therein. The judge shall direct the officer having such person in custody to deliver forthwith such person to the duly accredited agent or agents of the demanding state, and shall deliver or cause to be delivered to such agent or agents a copy of such consent; provided, however, that nothing in this section shall be deemed to limit the rights of the accused person to return voluntarily and without formality to the demanding state, nor shall this waiver procedure be deemed to be an exclusive procedure or to limit the powers, rights or duties of the officers of the demanding state or of this state. [En. Sec. 25-a, Ch. 190, L. 1937.]

12428.27. Non-waiver by this state. Nothing in this act contained shall be deemed to constitute a waiver by this state of its right, power or privilege to try such demanded person for crime committed within this state, or of its right, power or privilege to regain custody of such person by extradition proceedings or otherwise for the purpose of trial, a sentence or punishment for any crime committed within this state, nor shall any proceedings had under this act which result in, or fail to result in, extradition be deemed a waiver by this state of any of its rights, privileges or jurisdiction in any way whatsoever. [En. Sec. 25-b, Ch. 190, L. 1937.]

12428.28. No immunity from other criminal prosecutions while in this state. After a person has been brought back to this state by extradition proceedings, he may be tried in this state for other crimes which he may be charged with having committed here as well as that specified in the requisition for his extradition. [En. Sec. 26, Ch. 190, L. 1937.]

12428.29. Interpretation. The provisions of this act shall be so interpreted and construed as to effectuate its general purposes to make uniform the law of those states which enact it. [En. Sec. 27, Ch. 190, L. 1937.]

12428.30. Short title. This act may be cited as the uniform criminal extradition act. [En. Sec. 30, Ch. 190, L. 1937.]

CHAPTER 119, STATE VOCATIONAL SCHOOL FOR GIRLS

12543. Rescuing inmates or permitting escapes—punishment. Every person who rescues or attempts to rescue, or aids any other person in rescuing, or attempting to rescue, any inmate of, in or from the vocational school for girls, or from any person or officer having her in lawful custody, or who shall contrive, procure, connive at, or otherwise voluntarily aid in or suffer the escape of any inmate of, in or from said school, shall, on con-

viction thereof, be punished by imprisonment in the state prison for a period of not less than six (6) months nor more than two (2) years, or be fined in a sum not exceeding one thousand dollars (\$1000.00), or by both such fine and imprisonment. [As amended Sec. 1, Ch. 196, L. 1937.]

12543.1. Penalty for assisting in escape. Every person who wilfully assists any inmate committed to or confined in such school or in the lawful custody of any officer or person to escape, or in an attempt to escape from such school or custody, is punishable as provided in the preceding section. [En. Sec. 2, Ch. 196, L. 1937.]
